Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • I need a loan quickly. • The application should be simple. • I want instant eligibility results.	THINKS • Will my loan get approved? • Is my data secure? • Can I trust this platform?
Rahul <i>(Loan Applicant)</i>	
DOES • Compares loan options. • Uploads documents. • Tracks application status.	FEELS • Worried about rejection. • Frustrated with paperwork. • Happy with fast approval.
